## ENVIRONMENT AND ENERGY USAGE POLICY

The Environment and Energy usage Policy of Vidyasagar Teachers' Training College, Midnapore is to manage energy in such a systematic way so as to minimize its consumption in the institution and further lead to sustainable environment. The policy aims to explore the energy resources to reduce the burden of consumption of energy and to find out substitute natural resources as solutions to the energy crisis. This environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage. The Eco Club, an official platform of this institution, is devoted to the cause of environmental awareness, undertakes green initiatives and conducts green literacy programmes to save energy and to protect the environment.

### **Policies:**

- To assess our energy usage and measure its impact on the environment.
- To count CO2 emissions generated by our institution
- To reduce air pollution emissions using environment-friendly vehicles, including bicycles, public transportation and use of pedestrian-friendly roads.
- To install LED bulbs in the entire campus to save energy.
- To develop systematic waste management mechanism.
- To develop rain water harvesting unit.
- To undertake tree plantation drive.
- To take additional measures to continuously optimise our energy consumption.
- To ensure the availability of necessary resources to achieve our objectives.
- To encourage use of advanced technology to minimize energy consumption, atmospheric emissions and noise, particularly from our vehicle fleets.
- To engage in dialogue with the government agencies, municipal corporation and the affiliating university and actively work with the local organizations in the areas of environment, energy efficiency and sustainable development.
- To monitor and respond to emerging environmental and energy issues.
- To strengthen our employees' and students' environmental knowledge and skills in order to improve our own environmental performance.
- To provide information and training opportunities on energy saving measures.
- To offer opportunities for employees and students to engage in initiatives those contribute to environmental protection.
- To train our employees and students through our 'Eco Club' to make them 'Go Green Specialists' and partners to plant trees each year.
- This policy will be communicated to the students and employees via internal communication channels, and will be made available to all the stakeholders on the institutional website. The Environment and Energy Policy, objectives and targets will be reviewed on a regular basis by the Eco Club Convener and its members under the guidance of the Principal of the college.
