Every academic year Vidyasagar Teachers' Training College, Midnapur, Paschim Medinipur, West Bengal conducts the Students Satisfaction Survey to provide students with a platform for their valuable feedback and measure their levels of satisfaction with regard to the institution. The survey proves to be a helpful tool for the college to understand the perspective of the students. The students get an opportunity to whole heartedly appreciate the progressive working of the college and mention suggestive measures as well. This is the continuous process practiced since many years of the institute. Over the years the process is modified and changes as per the current trend are taken into account. Students Satisfaction Survey (SSS) is one among these surveys. This survey includes the questionnaire recommended by NAAC. The survey is conducted by the Internal Quality Assessment Cell (IQAC) with the support of the entire faculty. The Google form containing questionnaires prescribed by NAAC on different attributes of the teaching learning process was prepared and sent to all the students by the Principal and IQAC Co-ordinator. The responses obtained on these dimensions are compiled into a spreadsheet, analyzed and logical conclusions are drawn there from it. The SSS report is prepared by IQAC and shared with the faculty. Necessary actions are usually taken at institute level to improvise the overall teaching learning experience of all the stakeholders. Answers were received from 128 students, out of 200 who were enrolled in the two-year B.Ed course. The survey for the current academic year witnessed an overwhelming response and the analysis is as follows:
